

Visit the Gore Simulation Center

15th Greek Vascular & Endovascular Congress

MARCH 31–APRIL 2, 2016
HALL PRIVE (1ST FLOOR)

Thursday, March 31, 2016

1:00 pm–8:00 pm

Friday, April 1, 2016

9:00 am–5:00 pm

Saturday, April 2, 2016

12:30 pm–6:00 pm

Experience AAA and TAA stenting in a lifelike virtual environment at the Gore Simulation Center. This next generation simulator enables you to hone your procedural wire and catheter skills with incredibly real tactile feedback. Safely explore endovascular techniques in a virtual simulation modeled on real patient anatomies.

Gore invites you to experience the latest advancements in simulation based training with the 3D Systems ANGIO Mentor Flex. This state-of-the-art method allows physicians to practice the delivery of the GORE® EXCLUDER® AAA Endoprosthesis featuring C3® Delivery System and the Conformable GORE® TAG® Thoracic Endoprosthesis for the purpose of enhancing pre-case planning and advancing medical education.

Onsite registration at the Gore booth.
